March 30, 2015

Congratulations on your new Labrador Retriever and welcome to the world of purebred dogs. Your AKC registration dollars support numerous AKC efforts to benefit dogs and dog owners. By registering your dog with the AKC, you supported valuable programs such as Canine Search-and-Rescue, the AKC Canine Health Foundation, the AKC Kennel Inspection Program, public education, canine legislation, and DNA parentage verification.

AKC registration provides wonderful opportunities for every purebred dog lover. The AKC Canine Good Citizen® program is an outstanding way to train your dog in basic obedience, valuable for every family. In addition, many dog owners enjoy the thrill of participating in AKC activities, shows and trials throughout the country. I invite you and your dog to get involved with the AKC! Since your Labrador Retriever is a newly registered purebred dog, the AKC has arranged a **Complimentary 60-Day Trial of AKC Pet Insurance* for your new puppy—at no cost to you—but you must call PetPartners at 1-866-725-2747 or go online to www.akcpetinsurance.com/trial to activate your plan** and get details about this wonderful benefit. The cost of veterinary treatment has increased dramatically in recent years and AKC Pet Insurance helps you pay your vet bills if your pet has an accident or illness.

Please note, if you ordered multiple items at the time of registration, they will be mailed separately and should arrive shortly. These include the AKC Certified Pedigree, the Dog Care and Training video, *Family Dog* magazine, and the AKC collar tag. If you did not order a Pedigree, you still have the opportunity to do so. An order form is provided on the back of this letter.

All of us want to be responsible dog owners. To help, the AKC offers a wealth of information at www.akc.org. Our site lists national and local dog clubs and AKC Canine Good Citizen® evaluators. Please visit us online and on Facebook and Twitter. If we can be of further service to, please contact us by phone at 919-233-9767 or by email at info@akc.org.

Sincerely,

Dennis B. Sprung
Dennis B. Sprung
President and Chief Executive Officer

*The 60-Day Trial Plan is provided by the master policy issued to the Association of American Pet Owners. Activation required. Administered by PetPartners, Inc. Underwritten by American Pet Insurance Company, 907 NW Ballard Way, Seattle WA 98107-4607. Not available in all states and only available to U.S. residents. Eligibility restrictions apply. Contact PetPartners, Inc. for terms and conditions. Must be activated within 28 days of AKC Certificate issued date. Visit www.akcpetinsurance.com/trial or call toll free at 1-866-725-2747. Please separate below and keep for your records.

 Laboratory & Scientific Director

Casey R Carl, DVM
 Associate Medical Director

Paw Print Genetics® performed the tests listed on this dog. See the Laboratory Report for interpretation and recommendations based on these findings. The genes/diseases reported here were selected by the client. Normal results do not exclude inherited mutations not tested in these or other genes that may cause medical problems or may be passed on to offspring. These tests were developed and their performance determined by Paw Print Genetics. This laboratory has established and verified the tests' accuracy and precision. Because all tests performed are DNA-based, rare genomic variations may interfere with the performance of some tests producing false results. If you think these results are in error, please contact the laboratory immediately for further evaluation. In the event of a valid dispute of results claim, Paw Print Genetics will do its best to resolve such a claim to the customer's satisfaction. If no resolution is possible after investigation by Paw Print Genetics with the cooperation of the customer, the extent of the customer's sole remedy is a refund of the fee paid. In no event shall Paw Print Genetics be liable for indirect, consequential or incidental damages of any kind. Any claim must be asserted within 60 days of the report of the test results. Genetic counseling is available at Paw Print Genetics.
